

U.S. Patent Application Serial No. 09/699,002  
Filed: October 26, 2000  
For: HIGH VISCOSITY LIQUID CONTROLLED DELIVERY SYSTEM AND  
MEDICAL OR SURGICAL DEVICE  
First Inventor: Gibson, John W.  
Attorney: Bruce D. Gray  
Telephone: 404.815.6218  
Attorney Docket No. S0351/249009  
Sheet 1 of 4

**Figure 1. In Vitro Release of Bupivacaine from Biodegradable Ester/Solvent Mixtures**

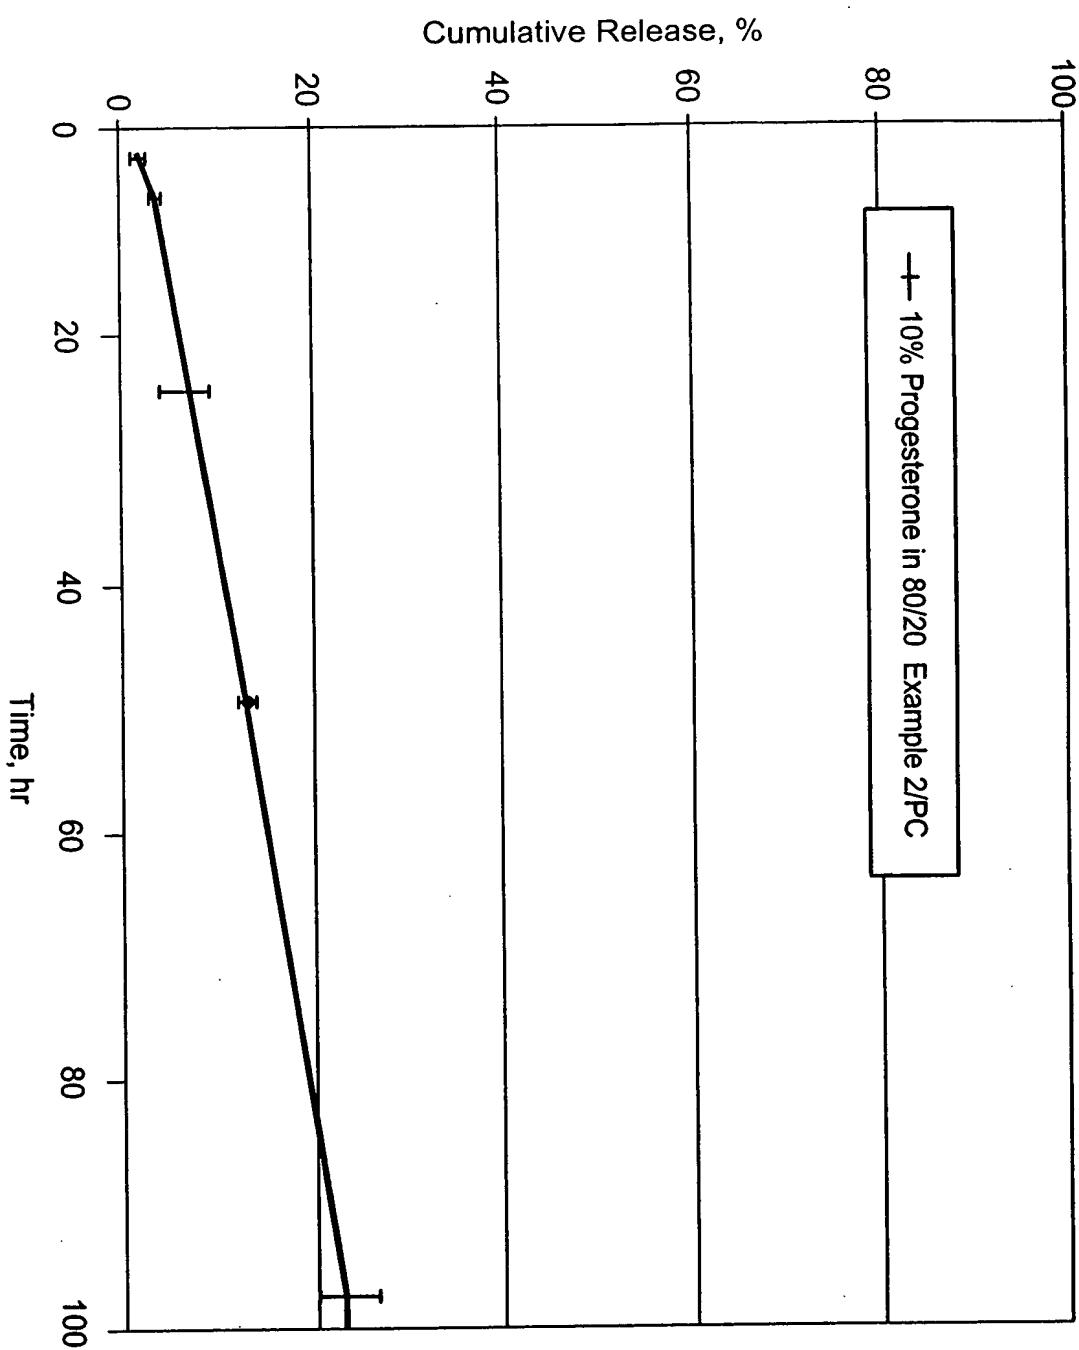

U.S. Patent Application Serial No. 09/699,002  
Filed: October 26, 2000  
For: HIGH VISCOSITY LIQUID CONTROLLED DELIVERY SYSTEM AND  
MEDICAL OR SURGICAL DEVICE  
First Inventor: Gibson, John W.  
Attorney: Bruce D. Gray  
Telephone: 404.815.6218  
Attorney Docket No. S0351/249009  
Sheet 2 of 4

**Figure 2. In Vitro Release of Estradiol from Biodegradable Ester/Solvent Formulations**

U.S. Patent Application Serial No. 09/699,002  
Filed: October 26, 2000  
For: HIGH VISCOSITY LIQUID CONTROLLED DELIVERY SYSTEM AND  
MEDICAL OR SURGICAL DEVICE  
First Inventor: Gibson, John W.  
Attorney: Bruce D. Gray  
Telephone: 404.815.6218  
Attorney Docket No. S0351/249009  
Sheet 3 of 4

**Figure 3. In Vitro Release of Progesterone from Biodegradable Ester/Solvent Formulation**

U.S. Patent Application Serial No. 09/699,002  
Filed: October 26, 2000  
For: HIGH VISCOSITY LIQUID CONTROLLED DELIVERY SYSTEM AND  
MEDICAL OR SURGICAL DEVICE  
First Inventor: Gibson, John W.  
Attorney: Bruce D. Gray  
Telephone: 404.815.6218  
Attorney Docket No. S0351/249009  
Sheet 4 of 4

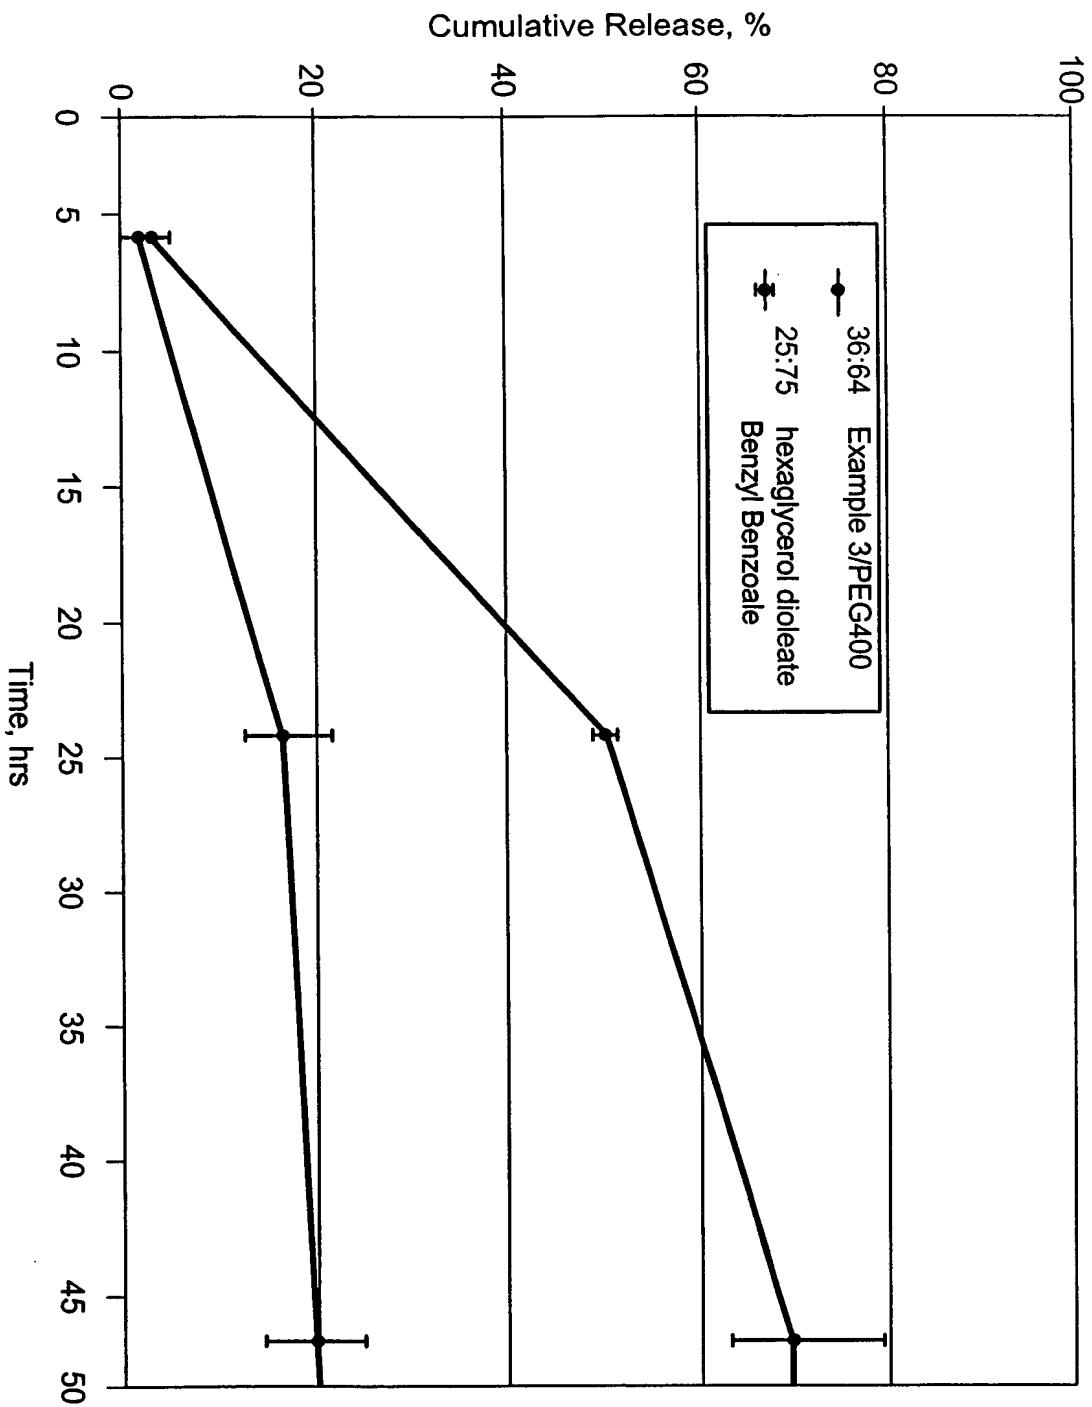

Figure 4. In Vitro Release of 10% Lysozyme from Sustained Release Formulations
